Subpart 3.2 Contracts Admitted for Off-Book Trading

The following Futures and Options Contracts admitted for trading at Eurex Deutschland may be entered using the Eurex T7 Entry Service for the trade types specified below.

3.2.1 Block trades

The products listed below are admitted to block trading. Aside from the standard contract on a certain underlying instrument pursuant to Annex A and Annex B, contracts may also be traded according to a different type of execution, settlement and term, provided that this has been permitted by the Management Board in the table below ("Additional Contract Versions"). The terms of the trades may not exceed the maximum terms of a Eurex Future or Eurex Option defined by the Management Board of Eurex Deutschland and the exercise of the trades may not exceed the maximum execution of an option defined by the Management Board of Eurex Deutschland, multiplied by 2.5.

The number of Futures or Options Contracts traded including their additional contract versions may not be below the defined minimum number of contracts to be traded. In cases where calendar spreads, standard option strategies, non-standard option strategies or option volatility strategies for which the block trade service is admitted are entered for Futures Contracts using the service, the following rule applies *mutatis mutandis*.

The Management Board of Eurex Deutschland may stipulate at the product level that block trades below a minimum size to be defined by it (“Non-disclosure Limit”) are to be disclosed intra-daily. The products affected by this and the respective currently applicable Non-disclosure Limit will be communicated in the context of Eurex's participant communications on the website www.eurexchange.com.
