2.2.1 The Exchange for Physicals (for Index Futures) Trade ("EFPI") facility allows participants - after OTC conclusion of cash transactions according to Number 11 for their own account or on behalf of a customer concerning the purchase of an object of purchase as defined in section 11 and the simultaneous sale of index futures contracts, or vice versa, to enter, pursuant to the provisions set out below, the futures contracts into the Eurex<sup>®</sup> clearing system of Eurex Clearing AG (hereinafter, "Eurex Clearing System") by means of a request to be sent to the respective Participant's interface, and to have them cleared.

Basically, in this context the system allows for entry of the following constellations:

- Two participants conclude both the OTC cash transaction as well as the futures transaction with one another or
- Two participants conclude the futures transaction with one another.  
One participant is an official Exchange Traded Fund (ETF) Marked Maker ("Authorized Participant") who concludes the respective cash transaction with the ETF-issuer. The second participant concludes the respective cash transaction with one or more (auction) third party/ies.
- The cash transactions concluded by the contractual parties of a futures transaction do not have to relate to an identical transaction object. However, each transaction has to satisfy the prerequisites as set forth in Number 11 below.

In future, Eurex Clearing AG may include additional contracts in the EFPI Trade Facility, or may exclude previously included contracts. A combination of two futures trades of the same product shall be admitted.
