In order to adjust the system and software status of the Eurex Advanced Simulation Backend Environment to the current implementation status of the Eurex 10.0 Production and Simulation environments, the installation of a Maintenance Update in the Eurex Advanced Simulation back-end environment is scheduled for calendar week 21, 2008.

The Eurex Advanced Simulation back-end environment will be shut down after the regular simulation batch run on **Thursday, May 15, 2008**. It will stay closed until **Sunday, May 25, 2008**.

The re-launch date of the Eurex Advanced Simulation back-end environment with the updated software status is scheduled for **Monday, May 26, 2008**.
