Enhanced Risk Solution - Interface Specification
(Planning Version)

The introduction of Eurex Release 12.0 in production is scheduled for **November 16, 2009**. Simulation is planned to take place between September 21 and November 6, 2009.

The document “Enhanced Risk Solution – Interface Specification (Planning Version)” announced in Eurex circular 048/09 for June 2, 2009 was now published under the following path:

www.eurexchange.com > Member Section > Releases > Eurex 12.0 > Interfaces > Enhanced Risk Solution

The document describes the new (optional) interface for data distribution of the Enhanced Risk Solution. Members and vendors may use this new interface for the development of own risk management software.

If you have any questions about Eurex Release 12.0 or require further information, please refer to the Member Services & Admission Team at tel. +49-69-211-1 17 00.
