Eurex Release 10.0: Software Fix for Clearing GUI

On Monday, **November 26, 2007**, after close of trading, Eurex will make available to the respective production specific environments of all Members a production software fix (replacement file) for Eurex Release 10.0.

For this "hotfix", which will guarantee the entire scope of the Eurex Clearing GUI, it is necessary to install a replacement file on the workstations after the installation of the production kit for Eurex Release 10.0 on November 26, 2007.

The following comprised files will be made available:

SUN Solaris 10: **eurex10_hf20071126.tar.Z**
Windows: **eurex10_hf20071126.zip**

The transfer directories, in which the replacement files are stored, are as follows:

SUN Solaris 10: **/opt/gate/transferdir/release00/sun**
Windows Server 2003: **<ftp-root directory>\release00\win**

In order to guarantee that the files can be transmitted unobstructed, please note the following issues:

- Please make sure that the Eurex production MISSES are available via the Eurex network without interruption between Monday night, November 26, 2007 until Tuesday morning, November 27, 2007.
- Please also make sure that all necessary read and write authorizations for files and folders have been set correctly.

Deutsche Börse AG will monitor the successful transmission of the files and will automatically initiate another transmission for the next day, in case transmission problems occur.

In addition, the Software for Eurex 10.0 production will be made available for download from the Eurex website on Monday, November 26, 2007, after end of trading under the following path:

www.eurexchange.com >Member Section > Releases > Eurex 10.0 > Software Kits > Production Kits

In order to replace the file on the workstations after the installation of the Eurex 10.0 Production Kits, unpack the above-mentioned archive and extract the file "EurexGUI.jar".

Replace the extracted file by the following file from the existing Eurex installation:

MS Windows („x:\" is the selected installation drive):

x:\opt\gate\base90\EUREX\GUI\lib\EurexGUI.jar

SUN Solaris:

/opt/gate/base90/EUREX/GUI/lib/EurexGUI.jar

Before you do this, it is recommended to make a backup copy of the old file.

Installation of the update files is mandatory for all Clearing Members.

For any further questions, please call the Eurex Customer Technical Support at tel. 49-69-211-1 12 00.
