Summary:

On September 29, 2008, the annual general meeting of the company Anheuser-Busch InBev (formerly InBev) announced a capital increase with subscription rights for the shareholders of Anheuser-Busch InBev. The following details were released on November 24, 2008. Subscription ratio will be 5:8. Subscription price of the new shares will be EUR 6.45. Subscription period will start on November 25, 2008.

As a consequence of the capital increase, an adjustment to the Eurex options (ITK) and Eurex stock futures contract on shares of Anheuser-Busch InBev (ITKF) will become necessary.

Ex date will be **November 25, 2008**.

This circular describes the adjustment procedure.

Anheuser-Busch InBev: Capital Increase

Measure:

Capital increase with subscription rights for shareholders of Anheuser-Busch InBev

Subscription Ratio: 5:8

i.e. five old shares of Anheuser-Busch InBev entitle to subscribe to eight new shares of Anheuser-Busch InBev

Subscription Price:

EUR 6.45

Last cum trading day:

November 24, 2008

Ex date:

November 25, 2008

Start of Subscription Period:

November 25, 2008

Affected Products:

ITK/ITKF

Reference to underlying Eurex Rules & Regulations:

Contract Specifications for Futures Contracts and Options Contracts at Eurex Deutschland and Eurex Zürich, Sections 1.6.7 (3) and 2.6.10.1 (3).

The updated Contract Specifications will be available on the Eurex website as of the ex date under:

www.eurexchange.com > Documents > Rules and Regulations

ISIN:

The ISIN of the Anheuser-Busch InBev share (BE0003793107) will remain unchanged.

Procedure

Determination of Adjustment Factor (R-Factor)

The official closing auction price of the Anheuser-Busch InBev share on NYSE Euronext in Brussels on November 24, 2008 will be the basis for determination of the R-factor.

The R-factor will be determined with eight decimal places. It is calculated in the following way:

$$R = ((\text{number of existing shares} / \text{number of new shares}) * (1 - (\text{issue price of new shares} / \text{closing auction price}))) + (\text{issue price of new shares} / \text{closing auction price})$$

$$R = ((5 / 13) * (1 - (6.45 / \text{closing auction price}))) + (6.45 / \text{closing auction price})$$

Options

1. Adjustment of Strike Prices and Contract Sizes

All existing strike prices will be multiplied by the R-factor.

The contract size will be divided by the R-factor.

The version number of the existing series will be increased by 1.

The adjusted strike prices and contract sizes will be published via the **Market Supervision Messages** window immediately after close of trading on the last cum trading day.

New series with standard contract size 100 and version number 0 will be introduced effective ex date.

All existing orders and quotes will be deleted after close of trading on the last cum trading day.

2. Exercises

Upon exercise of an adjusted series, cash settlement will be made for the fractional part of the new contract size.

Futures

1. Adjustment of Contract Size and Variation Margin

The adjustment will be take place with the same R-factor as for the options.

To adjust the calculation of the Variation Margin of the following day, settlement prices of the last cum trading day will be multiplied by the R-factor.

The new contract size will be calculated as follows:

$$\text{Contract size new} = \text{contract size old} / \text{R-factor}$$

All outstanding orders and quotes will be deleted after close of trading on the last cum trading day.

2. Introduction of a new Contract

A new contract on Anheuser-Busch InBev will be introduced with standard contract size 100 and new product code ITKG.

The exact date of introduction will published via the **Market Supervision Messages** window.

As soon as the new contract is available for trading and there are no more series with open interest in the original contract on Anheuser-Busch InBev (ITKF), trading in this contract will be set on "HALT" and discontinued.

Should there be no more open interest in the original contract on Anheuser-Busch InBev (ITKF) after close of trading on the last cum trading day, no adjustment will be made and no new contract will be introduced.
