2.6 Failure to Deliver

[...]

2.6.4 Failure to Deliver by the Borrower on the Maturity Date

[...]

- (2) If a Record Date for a Cash Distribution or for a Securities Distribution in the form of subscription rights pursuant to Number 2.4.1 or the last trade day for the term of acceptance for a Voluntary Reorganisation pursuant to Number 2.4.2 occurs with respect to a Non-Performed Transaction between Eurex Clearing AG and the Borrower Clearing Member, the Borrower Clearing Member shall be obliged to pay a contractual penalty to Eurex Clearing AG irrespective of whether Eurex Clearing AG has suffered a loss.

Such contractual penalty shall be determined as follows:

- (a) with respect to Cash Distributions pursuant to Number 2.4.1 Paragraph (1), the contractual penalty shall be 35.8 % of the net Cash Distribution, multiplied by the number of Equivalent Loaned Securities owed by the Borrower to the Lender on the Maturity Date. The contractual penalty shall be payable in the currency of the Equivalent Loaned Securities and only be charged by Eurex Clearing AG if the calculation in the applicable currency results in a value of at least EUR 5,000, ~~or~~ CHF 7,000 or USD 7,000;
- (b) with respect to Securities Distributions in the form of subscription rights pursuant to Number 2.4.1 Paragraph (2) (d), the contractual penalty shall be (i) the Rights Cash Settlement Price or (ii) if no such Rights Cash Settlement Price

is available, such other amount as determined by Eurex Clearing AG in its reasonable discretion; in each case of (i) or (ii) above, multiplied by two;

- (c) with respect to Voluntary Reorganisations pursuant to Number 2.4.2 Paragraph (2), the contractual penalty shall be calculated on the basis of the offer as follows:

- Conversion offer in cash

In a conversion offer in cash, the amount of the contractual penalty shall be calculated on the basis of the offered cash amount for one Underlying Security according to the conversion offer less the settlement price, multiplied by the number of Equivalent Loaned Securities owed on the last trade day for the term of acceptance for the Voluntary Reorganisation and by the Acquisition Ratio determined at the end of the acceptance period. If necessary, the offered cash amount shall be converted into the currency of the Equivalent Loaned Security on the basis of the exchange rates published by Eurex Clearing AG on the last trade day for the term of acceptance for the Voluntary Reorganisation.

- Conversion offer in securities or cash

For a conversion offer in securities (bidder's securities) or cash, the amount of the contractual penalty is calculated per Equivalent Loaned Security owed on the last trade day for the term of acceptance for the Voluntary Reorganisation in accordance with the following formula; this is then multiplied by the number of Equivalent Loaned Securities owed on the last trade day for the term of acceptance for the Voluntary Reorganisation:

Contractual penalty per Equivalent Loaned Security =

$$\text{Maximum}(0; ((\sum_{1-n} (\text{Number}_{\text{Bidder's Securities}} * \text{Price}_{\text{Bidder's Securities}}) + \text{offered cash amount}) - \text{Settlement Price}_{\text{Security}}) * \text{Acquisition Ratio})$$

- Different conversion offers in securities or cash

If, in the event of a voluntary corporate action, there is a right to choose between different conversion offers, the contractual penalty is calculated on the basis of the highest value of the conversion offers and the settlement price of the Underlying Security, multiplied by the number of Equivalent Loaned Securities owed on the last trade day for the term of acceptance for the Voluntary Reorganisation and the Acquisition Ratio determined at the end of the acceptance period. To this end, the different conversion offers will be calculated using the formula described above and will be compared with one another. The highest contractual penalty per Equivalent Loaned Security shall then apply; this will be multiplied by the number of Equivalent Loaned Securities owed on the last trade day for the term of acceptance for the Voluntary Reorganisation.

- Different conversion offers in the event of mandatory corporate actions

If, concerning a mandatory corporate action, a selection right exists giving a choice between different conversion offers, the contractual penalty per Equivalent Loaned Security is to be calculated on the basis of the difference between the highest and lowest value of conversion offers, the result being multiplied by the number of Equivalent Loaned Securities owed on the last trade day for the term of acceptance for the Voluntary Reorganisation.

The following formula shall be used to calculate the value of the conversion offer:

Value of conversion offer per Underlying Security =

$$\sum_{1-n} (\text{Number}_{\text{Bidder's Securities}} * \text{Price}_{\text{Bidder's Securities}}) + \text{offered cash amount}$$

Number_{bidder's securities}: Number of bidder's securities offered by the bidder for one Underlying Security of the target company.

Price_{bidder's security}: Price for a bidder's security, which is determined as follows: (i) If new issues or new securities are offered, the issue price of the newly issued security offered for subscription will be used as the basis, (ii) if existing securities are offered and Eurex Clearing AG has a determined Settlement Price for the corresponding security, such fixed Settlement Price shall be used as the basis, (iii) otherwise, the closing price on the stock exchange with the largest turnover in the corresponding security shall be used as the basis. The price of the bidder's securities shall, if necessary, be converted into the currency of the Underlying Security on the basis of the exchange rates published by Eurex Clearing AG on the last trade day for the term of acceptance for the Voluntary Reorganisation.

n: Number of the possibly different securities offered by the bidder.

Acquisition Ratio: Total number of Underlying Securities that the bidder plans to acquire, divided by the total number of Underlying Securities offered to the bidder.

Settlement Price_{security}: The daily settlement price determined by Eurex Clearing AG on the last trade day for the term of acceptance for the Voluntary Reorganisation for the Equivalent Loaned Security owed on the last trade day for the term of acceptance for the Voluntary Reorganisation.

The contractual penalty shall be payable in the currency of the Equivalent Loaned Securities and only be charged by Eurex Clearing AG if the calculation in the applicable currency results in a value of at least EUR 5,000, ~~or~~ CHF 7,000 or USD 7,000.

Should the terms of the conversion offer on which the calculation of the contractual penalty is based, change after the last trade day for the term of acceptance for the Voluntary Reorganisation and the calculation of the contractual penalty have a different result in due consideration of the

changed conditions, Eurex Clearing AG reserves the right to re-calculate the contractual penalty on the basis of the modified conditions.

The right of Eurex Clearing AG to claim damages shall remain unaffected.

- (4) A Buy-In in accordance with Paragraphs (6) through (9) below shall take place upon receipt by Eurex Clearing AG of a Buy-In request of the Lender Clearing Member (a "**Buy-In Request**"). Paragraph (3) has been given by the Lender Clearing Member (~~either at the same time than before~~ the Buy-In Request ~~or before~~) and has not been withdrawn.

If no Buy-In Request has been received by Eurex Clearing AG within ten Business Days following the date set as Maturity Date in the relevant Recall request or if the Buy-In Request has been withdrawn, Eurex Clearing is entitled to cancel the Recall request.

Eurex Clearing AG shall be entitled to commence a Buy-In in its reasonable discretion with respect to a Non-Performed Transaction with the Borrower Clearing Member if no Buy-In Request has been received or if a Buy-In Request has been withdrawn.

- (5) A Buy-In in accordance with Paragraphs (6) through (9) below shall also take place if the Non-Performed Transaction has not been redeemed ~~on-by~~ the third Business Day following the Maturity Date pursuant to Paragraph (i)(b) or (ii) of the definition of Maturity Date in Number 2.2.2 Paragraph (8), provided that, on the last Business Day preceding the Buy-In Day as defined in Paragraph (6) (b), no failure to deliver Equivalent Principal Collateral by the Lender pursuant to Number 2.6.5 occurs at the same time.
