1.2 Provision of Margin

- (1) In connection with GC Pooling Repo Transactions, the determination of the margin requirement (including the Additional Margin), with regard to the securities assigned within the scope of the Front Leg, also in case of cross-border collateral provision, ~~shall will~~ be calculated directly by Xemac, CmaX or the relevant other TPCM. During the calculation, Xemac, CmaX or such other TPCM shall will, according to the provisions of the Special Conditions for Collateral Management of Clearstream Banking AG relating to Xemac ("SC Xemac"), the relevant Collateral Management Service Agreement relating to CmaX ("CMSA") or the rules of the relevant other TPCM, respectively, consider the respective currency in which the underlying transaction has been concluded. Also, the securities admissible as securities serving as collateral in connection with the delivery of GC Pooling Repo Transactions ~~shall will~~ be determined by Xemac on the basis of the ~~Special Conditions for SC Xemac, by CmaX on the basis of -the relevant CMSA and by the relevant other TPCM on the basis of its relevant rules or the relevant arrangements with such TPCM, as applicable~~. Other than described in Sentence 1, Eurex Clearing AG may demand that, in excess of the margin requirement calculated by Xemac, by CmaX or by the relevant other TPCM, Additional Margin has to be provided in accordance with the calculation method published pursuant to Chapter I Part 1 Number 3.1.78. The possibility of requiring additional Margin pursuant to Chapter I Part 1 Number 3.3 together with Chapter I Part 2 Subpart A Number 4.2 or additional Basic Clearing Member Margin in accordance with Chapter I Part 6 Number 7.3, in particular for collateralisation of exchange rate risks in case of foreign currency transactions, remains unaffected. This in particular applies for the collateralisation of exchange rate risks in case of foreign currency transactions and as well for the delivery of securities as collateral which qualify as own issues in the meaning of the ~~Terms and Conditions for Participation and Trading on Eurex Repo GmbH ("GTC's of Eurex Repo GmbH")~~ in relation to the Clearing Member or Basic Clearing Member. With regard to securities which become own issues during the term of the Transaction, this provision applies also. The Clearing Members or Basic Clearing Members are obliged to refrain from provisioning of such own securities as collateral. For the provision respectively collection of Margin, the provisions of Chapter I Part 1 Number 3.2 together with Part 2 Subpart A Number 4, Subpart B Number 5 and Subpart C Number 6 or Part 4 Number 6 apply or in case of Basic Clearing Member Margin, Chapter I Part 6 Number 7 apply.

The equities are admitted to this list in accordance with a catalogue of criteria which takes into account the turnover volumes and risk aspects. Irrespective of the regular review, Eurex Clearing AG shall – due to risk management reasons – be entitled at any time to exclude individual securities from the eligibility list. The effective eligibility list will be made available in Xemac, in CmaX or in or via the relevant other TPCM on a daily basis.

Regarding the selection of securities serving as collateral to be transferred from the GC Pooling Equity Basket, concentration limits of Eurex Clearing AG shall apply and will be made public in Xemac, CmaX or in or via the relevant other TPCM.

1.3 Set-off Procedure

For the avoidance of doubt, a set-off of claims in accordance with Chapter I Part 1 Number 1.3 shall also be possible between claims resulting out of Eurex Repo Transactions and Original MTF Repo Transactions.

1.4 Tax Information Undertakings

[...]

- (5) If the identity of the original parties to an Original GC Pooling Repo Transaction or Original MTF Repo Transaction has been disclosed to each other, each Clearing Member or Basic Clearing Member shall provide each corresponding Clearing Member or Basic Clearing Member (and vice versa) upon request with any Tax Information, provided that the provision of the Tax Information would not materially prejudice the legal or commercial position of the Clearing Member or Basic Clearing Member that has received such request.

1.5 Changes to Settlement or Collateral Management Infrastructure

- (1) If, as reasonably determined by Eurex Clearing AG, the orderly settlement of a GC Pooling Repo Transaction is no longer ensured because the relevant Settlement Location or the relevant TPCM that has been or is to be involved in the settlement of such GC Pooling Repo Transaction decommissions or will decommission, or changes, its relevant systems or services (or parts thereof) that are required for such orderly settlement, the Clearing Member or Basic Clearing Member shall cooperate with Eurex Clearing AG and, upon the request of Eurex Clearing AG, shall, at its own cost, take all actions that Eurex Clearing AG reasonably considers necessary to ensure the continuation of such orderly settlement, including, without limitation, open new cash and securities settlement accounts in or with the same or another Settlement Location or TPCM, participate in and establish a technical connection to a new Settlement Location or TPCM and enter into related arrangements with, as relevant, the same or another Settlement Location or TPCM.
- (2) Eurex Clearing AG will notify the Clearing Member or Basic Clearing Member (and its Clearing Agent) in sufficient detail of the decommissioning or changes to the relevant systems or services by the relevant Settlement Location or TPCM (unless such Settlement Location or TPCM itself informs the Clearing Member or Basic Clearing Member of such decommissioning or changes) and of the relevant actions to be taken by the Clearing Member or Basic Clearing Member pursuant to Paragraph (1), such notice to also state the final date on which such actions need to be completed (the "Final Implementation Date") and to be given reasonably in

advance of the Final Implementation Date in order to allow the Clearing Member or Basic Clearing Member to take the relevant actions, taking into account the interests of the Clearing Member or Basic Clearing Member.

- (3) If the Clearing Member refuses or fails to take the actions pursuant to Paragraphs (1) and (2) and/or the actions pursuant to Paragraph (8)(b) by the relevant Final Implementation Date (in which case the Clearing Member or Basic Clearing Member will be a “Non-Compliant Clearing Member”), Eurex Clearing AG shall be entitled (but not obliged) to terminate, by notice to such Non-Compliant Clearing Member, one or more of the relevant outstanding GC Pooling Repo Transactions (to which such decommissioning or change of systems or services pursuant to Paragraph (1) relates) with such Non-Compliant Clearing Member, such termination notice to set a Business Day on which the termination in respect of each relevant outstanding GC Pooling Repo Transaction shall take effect.

Eurex Clearing AG’s rights pursuant to Numbers 7 and 13 of the General Clearing Provisions and, with respect to a holder of a Specific Repo License, Part 3 Number 3.5.1 shall remain unaffected.

- (4) If Eurex Clearing AG, in accordance with Paragraph (3), terminates a GC Pooling Repo Transaction the Front Leg of which has already been settled, the maturity date (i.e. repurchase date) of the Term Leg of such GC Pooling Repo Transaction shall be accelerated, and the obligations of such Non-Compliant Clearing Member and of Eurex Clearing AG to settle the Term Leg of such GC Pooling Repo Transaction shall become due on the Business Day on which the termination takes effect.

In the case of such acceleration of the Term Leg, if Eurex Clearing AG reasonably determines that it is unable to purchase the relevant securities to be delivered by it under the Term Leg, Eurex Clearing AG may decide, by notice to the Non-Compliant Clearing Member, to perform a cash settlement in lieu of its securities delivery obligation under such GC Pooling Repo Transaction. The cash settlement amount shall be calculated based on the daily settlement price for the relevant securities notified in accordance with Part 2 Number 2.3 (2).

- (5) In connection with a termination pursuant to Paragraph (3), Eurex Clearing AG may enter into GC Pooling Repo Transactions (corresponding to such terminated GC Pooling Repo Transactions) with one or more other Clearing Members or Basic Clearing Members or into transactions with Clearing Members, Basic Clearing Members or third parties, in each case in order to hedge its risks resulting from such termination.
- (6) In deviation from Chapter I Number 1.2.2 (1) (a) and (b), Eurex Clearing AG may reject the conclusion of a GC Pooling Repo Transaction with a Non-Compliant Clearing Member that would be based on an order or quote entered into the trading systems of the relevant Market after the Final Implementation Date and with any settlement date that would fall on or after the relevant date that Eurex Clearing AG notifies reasonably in advance to the Clearing Members and Basic Clearing Members (and their Clearing Agents) as the date on which the relevant existing

Settlement Location or TPCM is no longer available (or, in respect of Paragraph (8), the GC Pooling Migration Date (as defined below)); in the event of such rejection, neither such GC Pooling Repo Transaction with the Non-Compliant Clearing Member nor the corresponding GC Pooling Repo Transaction with the relevant other Clearing Member or Basic Clearing Member will be established.

- (7) The Non-Compliant Clearing Member shall reimburse Eurex Clearing AG for all reasonable costs and expenses incurred by Eurex Clearing AG that result from the Non-Compliant Clearing Member's refusal or failure to take the relevant actions pursuant to Paragraphs (1) and (2) by the Final Implementation Date, including, without limitation, reasonable costs and expenses relating to the acceleration of the Term Leg of the relevant GC Pooling Transaction(s) and the entering by Eurex Clearing into any corresponding GC Pooling Repo Transaction(s) and/or other transactions in accordance with Paragraph (5) or from a rejection pursuant to Paragraph (6), and indemnify Eurex Clearing AG against any damage claims of third parties, in particular of other Clearing Members or Basic Clearing Members that are parties to GC Pooling Repo Transactions that correspond to the GC Pooling Repo Transactions to which the termination pursuant to Paragraph (3) relates.

The right of Eurex Clearing AG to claim further damages shall remain unaffected.

- (8) Without prejudice to the provisions of Paragraphs (2) to (7) of this Number 1.5, the following applies:
- (a) As of a date (which will be a Monday) that will be notified reasonably in advance by Eurex Clearing AG to the Clearing Members and Basic Clearing Members (and their Clearing Agents) (the "GC Pooling Migration Date"), (i) Xemac will no longer be available as a Settlement Location or TPCM for purposes of this Chapter IV and (ii) the relevant Settlement Location and TPCM services for Xemac customers will be offered under the collateral management system CmaX solely by Clearstream Banking S.A. (except that certain accounts for the participation in CmaX services may be held with Clearstream Banking AG). Eurex Clearing AG will also notify the Clearing Members and Basic Clearing Members (and their Clearing Agents) of the Final Implementation Date relating to the GC Pooling Migration Date.
- (b) Accordingly, and subject to any further details and requirements that may be communicated to the relevant Clearing Members and Basic Clearing Members (and their Clearing Agents) separately by Clearstream Banking S.A. and/or Clearstream Banking AG, (i) Clearing Members and Basic Clearing Members connected to CmaX shall, where relevant, enter into modified collateral management arrangements or additional documentation in relation to the CmaX service with Clearstream Banking S.A., (ii) Clearing Members and Basic Clearing Members previously connected to Xemac shall enter into new collateral management arrangements in relation to CmaX with Clearstream Banking S.A. (or, as relevant and if they are already connected to CmaX, into modified or additional documentation with Clearstream Banking S.A. for the

purposes of participating in CmaX) and, if they continue to use any accounts with Clearstream Banking AG for purposes of their participation in CmaX, allow access of the CmaX system to such accounts, and (iii) Clearing Members and Basic Clearing Members shall take all other actions that (as reasonably advised by Clearstream Banking S.A. or Eurex Clearing AG) are necessary for their participation in the CmaX services and for establishing (or maintaining) the related technical connection.

(c) With respect to any GC Pooling Repo Transactions, settlement instructions (under the Front Leg or the Term Leg of such GC Pooling Repo Transactions) can be settled through the existing settlement infrastructure until (and including) 15:45 hours, Frankfurt am Main time, on Thursday immediately prior to the GC Pooling Migration Date. On Friday immediately after such Thursday a settlement will be unavailable (settlement holiday). If any settlement of a GC Pooling Repo Transaction would fall after the above-referenced time on such Thursday or would fall on such Friday, the due date for such settlement will be postponed to the following Monday (which is the GC Pooling Migration Date).

(d) As of the GC Pooling Migration Date, references in this Chapter IV in connection with GC Pooling Repo Transactions to "Xemac" and "CmaX" shall be read as references to CmaX with Clearstream Banking S.A. acting as Settlement Location and TPCM.

(9) If and to the extent that, with respect to GC Pooling Repo Transactions of a Basic Clearing Member, the Clearing Agent of such Basic Clearing Member holds the relevant accounts, or is a party to the relevant arrangements, with the relevant Settlement Location or TPCM, such Clearing Agent shall be subject to the obligations set out in this Number 1.5, provided that if such Clearing Agent fails to take the actions pursuant to Paragraphs (1) and (2) and/or pursuant to Paragraph (8)(b) by the Final Implementation Date, each of its relevant Basic Clearing Members, but not such Clearing Agent, will be the Non-Compliant Clearing Member.
