2.25.5 Term, Close of Trading, Expiration Day

(1) Options are available at the Eurex Exchanges with terms up to and including:

a) the next, the second and the third succeeding expiration days as well as up to and including the next three succeeding quarterly expiration days (March, June, September, December) thereafter up to a maximum term of twelve months or-

b) the next, the second and the third succeeding expiration days as well as up to and including the next three succeeding quarterly expiration days (March, June, September, December) and up to the next two succeeding half-year expiration days of the cycle June and December.

(2) The last trading day of an option series shall be the last day on which such option series is available to Exchange Participants for trading and clearing through the EDP system of the Eurex Exchanges. The last trading day shall generally be the third Friday of the relevant month; provided, however, that if such Friday is not an Exchange day, the last trading day shall be the Exchange day prior to such Friday.

The expiration day of an option series shall generally be the Exchange day following the last trading day of the option series.

(3) An option series may not be cancelled so long as any Exchange Participant continues to hold open positions in such option series.

2.25.6 Exercise Prices

(1) Option series may have the following exercise prices:

| Exercise price in EUR | Exercise price intervals in EUR |
|-----------------------|---------------------------------|
| 0 - 5 | 0,20 |
| 5,50 – 10 | 0,50 |
| 11 – 20 | 1,00 |
| 22 – 50 | 2,00 |
| 52,50 – 100* | 2,50 |
| 55 – 200 | 5,00 |
| >200 | 20,00 |

* only for the first and second expiration date in the at the money area

- (2) Upon the admission of a contract, three exercise prices shall be made available for each term for each call and put, such that one exercise price is "in the money", one is "at the money" and one is "out of the money".
- (3) Option series with new exercise prices shall be introduced for an existing expiration month no later than at the beginning of the Pre-Trading Period of a given Exchange day in the event that the price of the respective underlying security effected on the closing auction in the electronic trading system of the Frankfurt Stock Exchange (Xetra) has reached, exceeded or fallen below the average of the two highest or the two lowest then-existing exercise prices, as the case may be (established according to paragraph (1)).

If no price in the underlying security is effected on the closing auction, the volume-weighted average of the last three "paid" prices (Bezahl-Preise) of the respective underlying security effected on the electronic trading system of the Frankfurt Stock Exchange (Xetra) before the close of trading in ~~Neuer Markt~~ TecDAX stock options at the Eurex Exchanges shall be used. If this price does not correspond to the current market conditions, it shall be determined by Eurex Clearing AG.

A new option series shall generally not be introduced if it would expire in fewer than five Exchange days, unless market conditions make such introduction necessary.

2.25.7 Alterations of Exercise Prices and Expiration Days

- (1) Exercise prices shall not be adjusted upon the payment of any dividends.
- (2) Extraordinarily high dividends, bonuses or other cash distributions shall not be deemed to be dividends within the meaning of paragraph (1). In the event of such distributions, the exercise price for stock options written prior to the day of such distribution shall be reduced by an amount that reflects the value of the distribution, as determined in accordance with a formula established by the Eurex Exchanges; correspondingly, the number of shares underlying the contract shall be increased in such a manner that the original value of the contract is maintained.

When an option is exercised, the Eurex Exchanges will provide cash settlement for any shares in excess of the standard contract size of 100 shares, to the extent that the Exchange Council of Eurex Deutschland has not provided otherwise. The amount of such cash settlement shall be determined on the basis of the difference between the reduced exercise price of the option and the price of the respective underlying security effected on the closing auction in the electronic trading system of the Frankfurt Stock Exchange. If no price in the underlying security is effected on the closing auction, the volume-weighted average of the last three "paid" prices (Bezahl-Preise) of the respective underlying security effected on the electronic trading system of the Frankfurt Stock Exchange before the close of trading in ~~Neuer Markt~~ TecDAX stock options at the Eurex Exchanges shall be used. If this price is older than 15 minutes or does not correspond to the current market conditions, it shall be determined by Eurex Clearing AG.

- (3) If subscription rights are granted, the exercise price for stock options written prior to the first Exchange day of such subscription rights shall be reduced by an amount that reflects the value of the subscription right, as determined in accordance with a formula established by the Eurex Exchanges; correspondingly, the number of shares underlying the contract shall be increased such that the original value of the contract is maintained.
-

When an option is exercised, the Eurex Exchanges will provide cash settlement for any shares in excess of the standard contract size of 100 shares, to the extent that the Exchange Council of Eurex Deutschland has not provided otherwise.

The amount of such cash settlement shall be determined on the basis of the difference between the reduced exercise price of the option and the price of the respective underlying security effected on the closing auction in the electronic trading system of the Frankfurt Stock Exchange.

If no price in the underlying security is effected on the closing auction, the volume-weighted average of the last three "paid" prices (Bezahl-Preise) of the respective underlying security effected on the electronic trading system of the Frankfurt Stock Exchange before the close of trading in Neuer Markt TecDAX stock options at the Eurex Exchanges shall be used. If this price is older than 15 minutes or does not correspond to the current market conditions, it shall be determined by Eurex Clearing AG.

- (4) In the event of capital increases out of the company's equity capital (Gesellschaftsmitteln), the number of shares underlying a contract will be increased proportionally to maintain the proportion of the share capital represented by these shares. The exercise price shall be reduced by a value such that the original value of the contract remains unchanged.

When an option is exercised, the Eurex Exchanges shall provide cash settlement for any fractional shares the new contract size may cover, provided that the new shares are vested with the same rights as the old shares. In the case of divergent terms, there shall be a cash settlement for the portion exceeding the standard contract size; in all other respects, shares and other fractional interests, if any, shall be delivered based on the new contract size. This shall also apply with respect to stock dividends and similar events. The third and fourth sentences of paragraph (3) shall apply to such cash settlements mutatis mutandis.

In case of capital reductions, the exercise price and the standard contract size of the options shall remain unchanged if the capital is reduced by decreasing the par value of the shares. If a reduction of capital is implemented by redeeming or consolidating shares, the number of shares covered by a contract shall be reduced proportionally to the proportion of the reduction of the share capital. The exercise price shall be simultaneously increased to a value such that the original value of the contract remains unchanged. Any remaining fractions of shares shall be settled in cash.

In the event of stock splits, the exercise price of stock options shall be reduced in proportion to the split rate. The contract size and / or the size of positions shall be modified in a ratio such that the original value of the option holder's position remains unchanged.

- (5) In the event of any change of the contract size and the exercise price pursuant to paragraphs (2), (3) or (4), new option series shall be introduced in accordance with the provisions of subsections 2.25.1 and 2.25.6.

In the event of changes to the share capital (paragraphs (3) to (6)) and all adjustments pursuant to paragraph (2), all orders and quotes contained in the order book with respect to the relevant option series shall be cancelled by the Eurex Exchanges. The Eurex Exchanges shall notify all Exchange Participants prior to any such cancellation.

- (6) If, in the cases required by law (e.g. merger, consolidation, conversion of classes of shares by means of an amendment to the articles of association, shareholders receive an offer to exchange their old shares for new shares or shares of another stock corporation, any options concerned which are due to expire after the discontinuation of trading in the old shares on a stock exchange (the "Reference Date") shall be adjusted as follows:

The options shall be adjusted on the Exchange day immediately following the Reference Date. The old shares shall be replaced by the same number of new shares issued due to the conversion, or of the other shares offered by the stock corporation. In all other cases in which the exchange ratio is not 1:1 or the holders of old shares are also

offered a cash compensation, the exercise prices and contract sizes shall also be adjusted in such a manner that the original contract value is maintained. When an option is exercised after the Reference Date, the Eurex Exchanges shall provide a cash compensation for any fractional shares the new contract size may cover. The new underlying shall be delivered at the earliest from the day on which the stock corporation exchanged the old shares for new shares or shares of another stock corporation.

If, in the case of an exchange of shares as required by law, shareholders are offered a cash compensation, securities other than shares or other rights (collectively the "Other Rights") instead of new shares, the term of the options shall expire as soon as the old shares are no longer admitted to trading on a securities exchange (the "Reference Date"). The same shall apply if the Other Rights offered cannot be delivered through the central depositories or other depositories (*Lieferstelle*) recognized by Eurex Clearing AG, or if derivatives on the Other Rights offered cannot be traded on the Eurex Exchanges as a matter of law. If an option concerned is exercised on the Reference Date, the shares underlying the contract shall be replaced by the Other Rights. The Other Rights shall be delivered on the day on which they are transferred by the offering company. If this day is not an Exchange day, delivery shall be effected on the Exchange day immediately following the Reference Date. If the Other Rights offered cannot be delivered through the central depositories or other depositories (*Lieferstelle*) recognized by Eurex Clearing AG, or if derivatives on the Other Rights offered cannot be traded on the Eurex Exchanges as a matter of law, the Eurex Exchanges shall provide a proportional cash compensation.

- (7) If shareholders receive an offer to exchange old shares for new shares, shares of another stock corporation, securities other than shares, other rights or a cash compensation and in the event this capital market transaction is not stipulated by the provisions in accordance with paragraph (6), the Eurex Exchanges will adjust the options concerned in such manner that the original contract value is maintained to the extent possible, well-ordered market conditions are ensured and clearing and contract settlement are facilitated. The Eurex Exchanges shall inform the Exchange Participants of the intended measures.
