## 4._Other monetary incentive schemes:

### 4.1. Stipends

A new stipend program will be added.

| Stipends: | Variable incentives: a maximum of 41,500 USD is paid out per month based on the fulfilment in MSCl options and, in particular, in the three major products OMEF, OMFP and OMWP. <br> For OMEF and OMWP, the maximum pay-out per month is 16,500 USD each and for OMFP it is 8,500 USD. <br> The amount per product and month is only paid, if at least one LP fulfilled the product in that month. If only one LP fulfilled a certain product, that LP will get the full amount. <br> If more than one LP fulfilled a product in a month, the amount is split between the fulfilling LPs in the following way using three multipliers: <br> Multiplier 1 (early adopter): <br> - The LP, who was first to fulfil all three products in one month will get a multiplier of 10 <br> - The LP, who was second to fulfil all three products in one month will get a multiplier of 3 <br> - The LP, who was third to fulfil all three products in one month will get a multiplier of 1.5 <br> - As long as not all three products were fulfilled in a month, the multiplier for an LP is 1. <br> Same is true for LPs, who were fourth or later to fulfil all three products. <br> - If multiple LPs fulfilled all three products for the first time in the same month, the exact day of first fulfilment decides the ranking. Is that also the same, the LPs will share the higher multiplier. <br> Multiplier 2 (number of fulfilled schemes): <br> - The LP with the highest number of fulfilled LP programs in the MSCl options segment (s. table under 5.2) in the last three months will get a multiplier of 6 <br> - The LP with the second highest number of fulfilled LP programs in the MSCI options segment in the last three months will get a multiplier of 3 <br> - The LP with the third highest number of fulfilled LP programs in the MSCl options segment in the last three months will get a multiplier of 1.5 <br> - All other LPs will get a multiplier of 1 <br> - If multiple LPs fulfilled the same number of schemes in the last three months, the last four months (or more) are used to decide the ranking. |
| :---: | :---: |

|  | Multiplier 3 (highest volumes): <br> - The LP with the highest number of traded contracts in the MSCl options segment (M- and P-account only) in the last three months will get a multiplier of 10 <br> - The LP with the highest number of traded contracts in the MSCI options segment (M- and P-account only) in the last three months will get a multiplier of 3 <br> - The LP with the highest number of traded contracts in the MSCI options segment (M- and P-account only) in the last three months will get a multiplier of 1.5 <br> - All other LPs will get a multiplier of 1 <br> For each fulfilling LP, the total multiplier per month is calculated as the multiplication of the three individual multipliers. The pay-out per product in products with more than one LP is split according to their total multipliers. <br> Examples: <br> - Liquidity Provider \#1 quoted OMEF. No other LP active that month. Total Pay-out = 16,500 USD <br> - Liquidity Provider \#1 quoted all 3 products. No other LP active that month. Total Pay-out = 41,500 USD <br> - Liquidity Provider \#1 \& \#2 quoted OMEF. No other LP active. Total Pay-out = 16,500 USD (if LP \#1 has a total multiplier of 60 and LP \#2 a total multiplier of 9, LP \#1 will get 14,347 USD and LP \#2 will get 2,152 USD) <br> - Liquidity Provider \#1 quoted OMEF \& OMWP, LP \#2 only OMEF. No other LP active. Total Pay-out $=\mathbf{3 3 , 0 0 0}$ USD (if LP \#1 has a total multiplier of 30 and LP \#2 a total multiplier of 18 , LP \#1 will get 16,500 USD (for OMWP) + 10,312 (for OMEF) and LP \#2 will get 6,187 USD) |
| :---: | :---: |
| Participation Condition: | Fulfilment of Basis Building Block requirement in one or more of the MSCl options during the offered quotation periods. |
| Number of Participants: | Up to three LPs per month can qualify, whereby the total multiplier defines the top three in case of more than three LPs |

VAT on the stipends shall be borne by the Liquidity Provider, if applicable, and will be offset against any due and unpaid incentives.

Please note: As theoretically members participating in this scheme can receive incentives exceeding their actual fees, the stipends will be handled via invoices rather than the standard billing process. In order to receive a payment, eligible Liquidity Providers will be required to provide a quarterly invoice over the payment amount (as advised by Eurex) to: Eurex Frankfurt AG, Equity and Index Derivatives - Product Design, Mergenthalerallee 61, 65760 Eschborn, send via email to: ralf.huesmann@eurex.com.
